SOCIALISTS USE CLUB

BY JOHN CLAYTON.
[Chicago Tribune Foreign News Service.]
[Copyright: 1923: By The Chicago Tribune.]
BERLIN, Oct. 31.—An ultimatum was sent to Chancellor Stresemann tonight by the Socialist party, which, unless it proves only a request for recognition, must be rejected by the chancellor. This will mean the resignation of the Socialist ministers and the fall of the cabinet.

Socialists demand or suggest—as you will—a change from the military state of siege into a civil state of siege, that the national government must declare that the attitude of the Bavarian government is an open breach of the constitution and take necessary action to bring Bavaria into line, and states that it is up to the police to keep order in Saxony. The ultimatum says that support by the Reichstag shall only be given if the demands of the Saxons are met. The last item states that all reactionary members of the Reichstag who recently enlisted must be dismissed at once.

May Be Only a Dud.
If this were really an ultimatum, one could say that the Socialists would resign at once, for Herr Stresemann asserted last night that it would be impossible to change or lift the military state of siege under the present conditions. But the Socialist ultimatum may only be a dud in an attempt to club the government into concessions towards the left.

The Socialist demands were adopted after a stormy session in which the conservative Socialists were called traitors to the party. The more radical elements demanded immediate resignation from the cabinet, but this was voted down.

Saxon Trouble Dying Out.
While the Socialists are not satisfied with Bavaria's answer to Herr Stresemann, declaring that the note indicates a clear victory for Dictator von Kahr and the Bavarian reactionaries, Herr Stresemann will not press action against Munich until the Saxon crisis has been completely finished. The chancellor has no intention of attempting operations on two fronts.

Herr Heinemann, commissar in Dresden, returned to Berlin tonight to report on the formation of the new Saxon cabinet, which is composed entirely of Socialists. It is probable that he will not go back in an official capacity.

FRANCE AMENDS BID TO U. S. TO SEND EXPERTS

Insists on Limiting New German Inquiry.

[Copyright: 1923: By New York Times.]
PARIS, Oct. 31.—In a note sent to London tonight, Premier Poincaré accepted the British proposals received earlier today that a common invitation be sent to Washington inviting the United States to send representatives to a conference of experts to be convened soon. While accepting the proposals in principle, the French premier demanded that certain provisions be added to the text proposed by the British foreign office.

According to the Matin, the project of conference cannot advise except on the present capacity of Germany to pay. At the same time all rights of the reparations commission are reserved under the stipulation in part VIII of the treaty of Versailles. The selection of experts, except the American, will be made by the reparations commission, according to the Matin, but the selection undoubtedly will be made by the respective governments.

While expressing the opinion that the appointment of J. P. Morgan by the United States would be very acceptable, the Matin doubts if the American banker would accept, and suggests that in that instance Washington probably will turn to Elihu Root.

Denies Aiding Rhine Republic.
Premier Poincaré also replied to the British note received this afternoon protesting against the setting up of the Rhineland republic as a sovereign state within the borders of Germany as being contrary to the treaty of Versailles. He declared the Rhineland movement is not a French creation and it is developing as freely without encouragement as without hindrance.

The British note called attention to part 2 of the treaty, in which signatory powers guaranteed the frontiers of Germany. It formally declared that the signatory powers have not the right to create a state distinct from Germany and sovereign within the province of the Rhine. It also cast doubt on the sincerity and solidarity of the movement.

Fought German Boundary Claims.
The Matin points out that Premier Poincaré at the time of the making of the treaty fought vainly against guaranteeing the German frontier on the ground that Germany at the signing of the treaty of Frankfurt did not guarantee frontiers of France. It also hints that it was the siding of Belgium with

STOCKHOLM, Oct. 31.—A speech by M. Hederström, Swedish foreign minister, in favor of a defensive alliance with Finland, has aroused considerable comment here, especially in the conservative press, which welcomes his pronouncement.

Sweden's position in Finland is a vital point in the whole defense situation. In many circles it is held that the maintenance of Finnish independence is vital to Sweden's defense.

The general opinion is that Estonia, Latvia, and Lithuania are extremely pro-Scandinavian, wishing economic and cultural cooperation.

England on this question that caused the French premier to answer the British note with only a denial of French intentions.

The Matin intimates that as the stand of Belgium weakens the French stand on the question of a Rhineland republic there is sure to follow a long interchange of notes between London and Paris on this subject.

RUHR DEAL DELAYED

BY VINCENT SHEAR.
[Copyright: 1923: By The Chicago Tribune.]
DUSSELDORF, Oct. 31.—The Franco-German negotiations for an industrial peace in the Ruhr failed to reach an agreement again tonight, after a continuing session lasting all day. The conference adjourned until Friday, while Hugo Stinnes consults with Chancellor Stresemann and the French representatives report to Premier Poincaré.

The last minute difficulties which are

holding up the signing of an accord depend chiefly on the question of the blockade of the Ruhr. The German magnates contend that restriction of their rights to free trade with occupied Germany and the rest of the world would destroy all possible profit in the new arrangement, while the French assert that they cannot turn over the world's markets to Herr Stinnes and his associates without some form of restraint.

The French agreed to prolong Herr Krupp von Bohlen's parole from prison for another week. This measure has been informed that he will never return to jail if an accord satisfactory to the French is reached.

Arrest Rhineland Leaders.
[Chicago Tribune Foreign News Service.]
COLOGNE, Oct. 31.—Dr. Kramers, right hand man of Herr Matthias, the separatist leader, was arrested by the Cologne police tonight. An interesting situation will arise if the Rhineland government in Cologne demands Dr. Kramers' release. Other separatist chiefs are known to have penetrated the frontier between the French and British zones. The British army officials have declared they will oppose any attempts to set up a Rhine republic in the Cologne zone.

U. S. PADLOCKS 42 MORE HOOTCH DISPENSARIES

Federal Judge Adam C. Cliffe applied the padlock to forty-two additional buildings yesterday, the third day of "injunction week." Only twenty-six cases remain on the special docket prepared for the week, and these are expected to be disposed of today.

So successful has been the government's first week devoted entirely to injunctions that another docket is being prepared for a second week in the near future. Although the 200 cases were expected to require the entire week, Judge Cliffe consumed only four days in hearing them. One hun-

dred and twenty-one injunctions have been issued.

Wife Sues Rich Jeweler; Names Neighbor Woman

Walter John Neumann, head of a jewelry firm, was charged with having had an affair with Mrs. Vivian Wasserman, 818 Montrose avenue, a neighbor, by his wife, Mrs. Mettelle Neumann Neumann, in a suit for separate maintenance filed yesterday. Mrs. Neumann files her husband's annual income at \$18,000 and asks support and custody of their two children.

ANE HALLOWEEN SKIDS AS PRANKS PILE UP DAMAGE

Four Narrowly Escape
Death in Crash.

Pranks, tucked out from answer-
ing false alarms and calls to remove
overturned wagons from street car
tracks, and policemen weary and
tired from chasing window soaping
tramps, will tell the world that the
moment inaugurated this year for a
safe and sane Halloween was not
entirely a success.

In certain sections where Kiwanis
clubs, Boy Scout leaders, and various
other organizations were able to re-
strict youthful exuberance to old fas-
hioned apple bobbing games and the
reminiscent of witchcraft superstitions,
the night passed off quietly enough,
but the usual amount of property dam-
age was suffered by residents of the
near north, south, and west sides.

Even Evanston Skids.
Even in Evanston, where school
children had been pledged to refrain
from acts of vandalism, the police sta-
tion was packed with boys arrested
and held until their parents came to
take them home. More than 200 boys
were taken into custody in Evanston,
Winnetka, and other north
side suburbs.

In Evanston porches were torn away
from frame dwellings or wrecked. An
iron fence surrounding the premises
at 1417 Hinman avenue was uprooted
and carried away. Windows were
smashed and small trees and shrub-
bery uprooted.

Frank Perils Four Lives.
One prank in Chicago nearly re-
sulted in the death of four men when an
auto in which they were riding crashed
into a refuse box placed in the middle
of Halsted street near 58th street by
a group of boys. Henry Schwerdt-
feger of 1109 Lowe avenue, driver of
the car, was the most seriously in-
jured. The others were cut and
bruised.

A total of seventy-seven calls was
received at the central fire alarm of-
fice between 8 and 11 o'clock, the ma-
jority coming from the west side. By
midnight the number had passed the
hundred mark. What few fires were
started had been started by bonfires or
candles used in Halloween celebra-
tions.

Smash Street Lamps.
More than a dozen boys were arrest-
ed in the Chicago avenue district for
breaking street lamps. In the Sheffield
avenue district both firemen and
police were kept busy turning off fire
hydrants and pursuing gangs of boys
who went around letting the wind out
of automobile tires.

On the south side more than fifty
calls were received by the Stanton
avenue police within an hour from re-
sidents whose property was being dam-
aged. Traffic was blocked for nearly
an hour when two wagons were over-
turned at 49th street and Mills avenue.
Fifteen boys, dressed as women, were
arrested in the vicinity of 38th and
Federal streets for annoying women,
breaking windows, and overturning
wagons.

Nah Forty in Boys' Club.
Forty members of the Boy Builders'
club, which met in the State
Building, were arrested when they
broke down the State street in the
middle of the night, shrouded in blankets,
wearing pedestals and frightening
nervous women. It is charged. After
detention at the Central station they
were released.

Police answering a riot call from
Englewood station rescued James Mc-
Nelly, a Negro janitor, who had taken
refuge in a basement at 224 West 51st
street from a gang of boys who beat
him with sticks and hurled stones at
him because he had chased two of their
number masquerading in girls' clothes.
In some sections troops of Boy
Builders worked valiantly to repair dam-
age done by their playmates, rebuild-
ing fences, restoring door knobs and
bushes which had been carted
away, and washing windows smeared
with soap. Two thousand Boy Scouts
participated in a program of quiet Hal-
loween games planned for them at the
Midway amusements by the Kiwanis.

At the conclusion of a Halloween
party at the home of the Illinois Chil-
dren's Home and Aid society, 225 Ridge
avenue, Evanston, a check for \$2,025
was presented to the institution by the
society's utility employee chapter of the
city.

All of City's Schools Celebrate Halloween

The celebration of Halloween yesterday and last night was more general than it has been for years. Halloween games were played in the schools. The picture shows Louis Falino of the kindergarten class ducking for apples at the Goodrich school. The apples were furnished by the Apple league, which is in charge of the Apple Week celebration which opened yesterday.

BRITAIN AND U.S. HOPE OF WORLD, EX-PREMIER SAYS

Praises Schwab for
Help to Allies.

Scranton, Pa., Oct. 31.—[By the As-
sociated Press.]—The English speak-
ing peoples of this earth "can save
civilization from doom—doom—doom,"
David Lloyd George, war time premier
of Great Britain, declared in an ad-
dress here today.

"Do you think I am using violent
words?" he asked. "If you do, go to
Europe, go to see Europe, to see condi-
tions, the fear of some impending ter-
ror. And if the blow falls it will be
such a war as humanity has never
conceived."

The people of the United States and
Great Britain in acting together to in-
staurate order in the world, he asserted,
need enter into no formal agreement
to that end.

Embrees Charles Schwab.
Mr. Lloyd George paid tribute to
Charles M. Schwab, who was seated on
the platform, for his war services, and
the two men embraced while the audi-
ence cheered.

"I owe him an especial debt of
gratitude and I am speaking for mil-
lions of my own people," the war pre-
mier said. "He was one of the Amer-
icans who from the start placed the
whole of his great genius for organiza-
tion at the service of the allies. The
first man out of our own land, the first
man from the United States of America
who came to our help in providing fu-
nitions," said Mr. Charles Schwab.

Mr. Lloyd George told how the
kaiser had heard that Mr. Schwab
was supplying the deficiencies of the
allies and made him an offer that
would pay him threefold in pecuniary
benefits for throwing up the allied con-
tract, "and he stood by the allies."
"I wish to thank him," the former
premier said, "for the timely, gen-
erous and chivalrous aid he gave to
the great cause of liberty when it was
in jeopardy on the battlefields of
Europe."

Back in New York.
New York, Oct. 31.—David Lloyd
George returned to New York tonight,
the last stop of his tour of American
and Canadian cities.

The party motored to the home of
John W. Davis, former ambassador to
Great Britain, in Locust Valley, L. I.
Mr. Davis will be the former premier's
host during the remainder of his stay
in America, which will end Saturday
morning, when he will sail for England.
As the former premier's car sped
across Manhattan tonight heavy police
guards manned the route. It was de-
fined, however, that this guard had
been placed because of threatening let-
ters.

Japanese Sub with 45 Men Sinks at Moorings at Kure

[Chicago Tribune Tokyo Special Service.]
TOKYO, Oct. 31.—While memorial
services were being held on shore at
the Kure naval station for the victims
of the submarine accident of last Au-
gust, Submarine 26, with a crew of
forty-five, sank at its moorings, only
its periscope showing. The crew was
saved with the help of other subma-
rines, but the report of the accident
threw Kure into the wildest excite-
ment. It is expected that the craft
will be refloated in ten days. Sub-
marine 26 was launched at Kobe in
1919 and has been used recently as a
training ship.

PRINCESS SUES SISTER; SAYS SHE STOLE HUSBAND

Westphalia Royal House
Said to Be Involved.

New York, Oct. 31.—[Special.]—
Prince Nicholas von der Lippe-Lippe,
who claims he is directly descended
from King Simon VI. of Westphalia,
has accused to the charges of his
wife's sister, according to an affidavit
filed today in the county clerk's of-
fice by the Princess von der Lippe-
Lippe, who before her marriage to the
prince was Mrs. Wendell Phillips.

The prince and Mrs. Phillips were
married by civil ceremony Sept. 15,
1932, and by religious ceremony May
12 of this year, they announced June
18 last.

Now, it appears from the princess's
affidavit, her titled husband's affections
have been alienated by her own sister,
Mrs. Gertrude Schroeder, a widow and
reputed wealthy.

Induced Him to Part.
The princess, petitioning for an or-
der permitting her to serve her sister
by substitution in an action asking
\$100,000 for alienation of affections,
says:

"The defendant, who is my sister,
has wooed the love and affection my
husband bore me, and for some time
past endeavored, and finally induced
him to part from me."

On the morning of Oct. 20, she re-
lates, having ascertained her husband
was in her sister's apartment, proceed-
ed there with witnesses and found her
sister and her husband.

Told Her He Didn't Love Her.
"My husband's conduct toward me
changed completely shortly after his
intimacy with the defendant began,"
states the petition. "He told me he no
longer loved me and she was all the
world to him."

An affidavit of Bernard Bennett, a
process server, tells of his unsuccess-
ful efforts to serve Mrs. Schroeder.
Supreme Court Justice Wagner
signed an order directing service by
substitution.

LONDON, Oct. 31.—[By the Asso-
ciated Press.]—The appointment of
Frank B. Kellogg as United States
ambassador to Great Britain has been
formally accepted by the British gov-
ernment. It was announced this after-
noon. Mr. Kellogg's name was pre-
sented by Ambassador Harvey to King
George and Foreign Secretary Cur-
son yesterday and both expressed
"most cordial acceptance" of Presi-
dent Coolidge's appointee.

Ambassador Herrick Back
in Paris to Resume Duties

Coolidge.

'GREAT WONDER' DENIED HER, GIRL SHOOTS HERSELF

Cryptic Note Tells of
Mystic Goal.

Tired of waiting for "the great won-
der" of her dreams, Miss Elsie Hom-
er, 29 years old, of 2513 North Craw-
ford avenue, yesterday attempted to
end her life. She shot herself above
the heart while in the office of Albert
Wehde, one of her employers, in room
1509 of the Mather building. At St.
Luke's hospital it was said she prob-
ably would recover.

According to Mr. Wehde, the girl
came here from Germany soon after
the war and has attended night school
ever since.

On the Eve of Losing Job.
She was able to speak English, but
had trouble writing it. Employed
jointly by the Tremont Publishing
company and the German-American
Historical society of Illinois, she had
been told yesterday morning by Max
Baum, an interpreter, that he would
have to discharge her because of this
difficulty.

She left the office, but returned at 4
o'clock and obtained a .38-caliber auto-
matic revolver which she had kept in
her desk. The shot followed.

"I Have Grown Old."
A note written in German and ad-
dressed to "Dear Eikechen," said to
be her name for her mother, was re-
garded as the real explanation of her
desire for death. Translated, it read:

"Forgive me, but you will probably
understand why I am going. I
worked my feet sore and I am too tired
to begin again. Of course, clouds will
pass, but in the meantime flowers will
fade. To wait overlongly for the
great wonder has tired me, and I have
grown old. Forgive me, dear one, you
are all to me on earth, but Fritz will
take my place with you and father. So
pardon me, do not begrudge me my
sleep. Yours Elsie."

OF OUSTED POLICE CAPTAINS WANT JOBS BACK

**Demand Reinstatement;
Deny Laxity in Duty.**

None of the five police veterans, ousted early in Mayor Dever's cleanup of cheating soft drink parlors, last night demanded the return of their forced resignations and reinstatement by Chief Collins in the department.

Capt. Thomas Costello, Charles Atkinson, a. n. d. Fred Gurney, former commanders of the South Chicago east side, Gresham, and Washburn divisions, respectively, made the demand. They sent letters to the chief of police, in which they charged the production of evidence that they were derelict in the drive on and house runners.

Whether Capt. James McCann and Chief Maden, ousted at the same time from the Maxwell street and Chicago stations, will follow the lead of the veterans could not be learned last night.

Collins Promises Fight.
In response to the demands may result in a revolution of the circumstances under which the quietest retired from the department, Chief Collins promised. The veterans of Costello and the others that they had "always enforced the law," and that no time for consideration was given with the demand for the resignations. The demand for an enforced resignation is worthless, it is said.

"These men resigned voluntarily," said Chief Collins last night, "and I did not return the resignations. As a matter of fact, I called them in and told them that I planned to suspend them and send charges of neglect of duty and failure to obey orders unless they showed their resignations. The resignations were immediately forthcoming and I accepted them."

"One of these captains, in particular, was offered to demand anything. He was exceptionally fortunate to have been allowed to escape the trouble that was pending his way and which may yet demand on him if he continues to resist it."

Physical Examinations.
The latest of the five captains on the list, the biggest police shakeup since 1911, was followed by the formation of a civil service medical examining board. Nearly 100 policemen already have been subjected to physical examinations. Another 100 patrolmen, 40 sergeants, and 15 lieutenants are slated to appear before the board, which holds sessions every night.

WIFE GRIEVES BECAUSE SHE SHOT HUSBAND

Victim of 'Petty Quarrel' Fights for Life.
(Picture on back page.)

All day long yesterday Mrs. Betty Michaelson rocked in a chair on the second floor of the Chicago avenue detention home. Fifty times, and more, she called to the matron and inquired about her husband, who lay in the Norwegian-American hospital fighting for his life.

"I'm sorry—O, so sorry," she kept repeating. "It was just a quarrel, nothing more than the many quarrels all young married people have. He was so good, so sweet to me. O, if he only gets well!"

Baby Laughs All Day.
She would walk the floor with her 1-year-old son, Audrey, laughing, in her arms. The little fellow laughed most of the day. He did not know that his mother had accidentally shot his father, a draftsman, following a quarrel in their home at 2620 Thomas street. The quarrel was started when Michaelson persisted in walking over a floor which his wife had just polished.

me about Charles—is he going to die?" begged the young wife. "Call the hospital, please."

Finally, after the matron had made many calls, the nurses told her that Michaelson was feeling better, that his chances of recovery were good.

"O," sighed the mother as she hugged little Audrey. "O, I'm so glad I couldn't live without Charles."

Condition is improving.

Dr. Charles R. Moore, the physician who is attending Michaelson, said last night that he believed the young man would recover. "His condition is much improved," he said.

Meanwhile, Capt. Frank Matchett of the police department was telling reporters that the accidental shooting was a lesson to all young married people. "Young married folks should not nag one another," he said. "This accident is the result of petty quarrelling and bickering."

U. S. Fishing Boat Leads

in Calm, but It's No Race

Halifax, N. S., Oct. 31.—The second race for the international fishermen's trophy was called off today for lack of wind with sixteen miles still to go. The American challenger Columbia encouraged its supporters by demonstrating its ability in light airs.

In the first race Monday light breezes prevailed, supposedly Columbia weathered, yet Bluenose, famed for its rough weather performance, showed the Gloucester schooner its heels.

FORD IN POLITICS IS RIDICULED BY FORMER PARTNER

No Qualification for Presidency, Couzens Says.

Detroit, Mich., Oct. 31.—[Special.]—United States Senator James Couzens, in an address tonight, sharply challenged the motives of Henry Ford in his Muscle Shoals plant purchase negotiations, ridiculed his presidential candidacy, and cited his former business partner as a national example of "unfilled promises."

Senator Couzens' remarks were unquestionably in retaliation for Ford's criticism of Mr. Couzens' proposal of 9 per cent beer. He paid tribute to Ford as a friend, spoke of his "kindly, lovable nature," and said that he loved him as much as it was possible for one man to love another. He did not want Ford "humiliated" in entering a presidential campaign, nor the country "humiliated" in having him elected.

Senator Couzens' Epigrams.
The following are a few of the epigrams delivered in the course of the senator's speech:

"Ford wants to be President. His failure to withdraw his name from the Nebraska primary proves that."

"Why does he refrain from announcing his candidacy? Because he is afraid the realization will prove as great a fiasco as his peace ship."

"I want to say Ford has used the Muscle Shoals issue more for political purposes than from a desire to manufacture nitrates for fertilizers."

"It is commendatory to the United States congress and government that a man so powerful has not been able to browbeat congress into giving him an unfair advantage at Muscle Shoals."

"Ford for President—it is ridiculous. How can a man over 60, who has done nothing except make motors, who has no training or experience in government, aspire to such an office? It is ridiculous."

His View of Ford Boosters.

"Many of those proposing Ford are sincere, others have ulterior motives, many are dishonest citizens, surrounding him to get personal advantage or gain."

"Ford is my good friend. I love him."

in his proper place as I love no other man. I have said these things to save him the greatest humiliation that could possibly come to any man and to save the United States the humiliation of having him elected President."

"When Ford says I know better than propose changing the Volstead act he challenges my good faith and sincerity. It comes with poor taste from a man so politically ambitious."

"Henry Ford has made more unfilled promises than any man in America."

"Those charges (Ford's criticism of Secretary of War Weeks) are made by a man who has spent thousands of dollars to elect a Democratic President. That the sharp exchange between Mr. Ford and Mr. Couzens, pioneers in the automobile business in Detroit and long associated in other ways, marks a definite parting of the ways, was the significance placed upon the senator's address."

Bonar Law Will Be Buried Close to Unknown Soldier

(Chicago Tribune Foreign News Service.)
LONDON, Oct. 31.—It was announced today that former Prime Minister Bonar Law will be buried in Westminster abbey close to the unknown soldier. Funeral services will be held on Friday, after which the body will be cremated before interment.

THE LIME RATION

The North American Indians carefully saved the bones of fishes and small animals,

And ground them into a fine powder which they added to their food.

Thus they secured the necessary supply of food lime,

So much more pleasantly obtained by those who drink the pure, fresh milk served at CHILDS.

A pint and a quarter contains a whole day's ration of food lime.

For Women, \$125 Three-Piece Suits For Misses, \$100 Three-Piece Suits For Women, \$75 Two-Piece Suits For Misses, \$75 Two-Piece Suits

Every Favored Style Included in A Sale of Smart Suits \$75 \$100 \$125

This is a remarkable sale, for these are suits of the better sort such as are seldom to be had in a special selling. That they are all in the height of their vogue now is most important.

As for value, those most keenly critical of fabric-quality and of workmanship will be certain to judge these suits at these pricings values far out of the usual.

Two-Piece Suits **Almost All Have Fur**
And Three-Piece Suits **Beaver, Kit Fox, Badger**
Many of Imported Fabrics **Squirrel, in Varied Shades**

Some have coats of the new longer length. There are suits cleverly braided, suits stunningly embroidered, street suits in colorful mixtures, striped and checked, for both women and misses. Four styles are sketched, but only by seeing the suits themselves can one fully appreciate this exceptional opportunity. Women's and misses' sizes are included.

ITALY JUBILANT ON ANNIVERSARY OF BLACKSHIRTS

BY V. DE SANTO.
(Copyright, 1923, by The Chicago Tribune.)

Rome, Oct. 31.—(Tribune Radio.)—After four days of festivities in various cities of Italy, a celebration of the first anniversary of the Fascist revolution culminated today in the Eternal City with such enthusiasm that it might have been compared to the enthusiasm in Chicago or other American cities when the first news of the armistice was received.

The Roman emperor returning from victories would have had much to envy in the Mussolini triumphs of this day. The press in Rome today refers to the celebration as the apotheosis of fascism, exaltation to the highest degree of courage, discipline, and devotion to the motherland.

200,000 Black Shirts March

A part of what now is called the "rejuvenated ruler of Italy," estimated at 200,000 people, flooded into Rome from every town in the country. Among them were 200,000 black shirts who marched for four hours through the principal streets with Mussolini and all the government officials at their head. Hundreds of bands in the parade played national Fascist anthems. Often tens of thousands of voices joined in the singing. The streets were festooned with flags, and red, white, and green draperies. Roman women threw flowers from the windows and balconies amid cries of enthusiasm. Overhead 300 airplanes and many majestic stirlings of immense size were maneuvering in battle formation for four hours.

Honors to King

When the parade passed before the quinal it presented its homage to the king and crown prince in the balcony.

Big Mussolini had requested the king to sign a decree of amnesty for all those sentenced for less than three years in prison for political offenses.

CHICAGO DRIVE FOR OBERLIN ENDOWMENT TO OPEN TOMORROW

The Chicago campaign for the Oberlin college \$4,500,000 endowment fund will be officially opened tomorrow evening with a dinner at the Auditorium hotel at 6:30 o'clock.

Approximately 300 alumni of Oberlin college are expected to attend. The principal speaker will be Dr. W. F. Bohn, and Attorney Louis E. Hart will preside. Other speakers will be Amos C. Miller and Mrs. Allan F. Millikan. Invocation will be delivered by Dr. John B. Nichols.

The chief purpose of the dinner is to give local Oberlin alumni information about the endowment and building campaign of their college, for which the local alumni share, based upon an individual share of \$235, is \$200,000.

The local campaign opens on the same date as other campaigns throughout the country and continues until Nov. 29. The opening dinner here will be held simultaneously with more than 200 similar dinners in cities and towns in all sections of the United States. Probably 16,000 Oberlin men and women will sit down simultaneously at these various dinners, the largest of which will be held in New York, Buffalo, Chicago, Boston, and Detroit.

Forfeits Bond of Attorney Accused of Embezzlement

Judge Joseph La Buy yesterday ordered forfeited the \$10,000 bonds of John F. Gavin, an attorney with offices in the First National Bank building, who was charged with larceny by bail. Gavin failed to appear in court. He is charged by Miss Loretta M. Gavin, 729 Sheridan road, with embezzling \$7,500 worth of securities.

4 ASPIRANTS FOR JUDGE RUN CLOSE TO "WINNING 20"

BY PARKER BROWN.

In its publicity in support of the results of its primary the Chicago Bar association includes the total vote received by each judicial candidate. In connection with its recommendations for the twenty full terms in the superior court it does not list merely the highest twenty in the primary but includes the complete group of forty nominees.

One of the principal reasons for this policy is the recognition of the necessity for giving the "independents" voters the names of "alternates" who, while they didn't land in the first twenty,

they did not land in the first twenty.

The committee on candidates pronounced him qualified for the bench. He served as a volunteer during the Spanish war.

Jeffery received 1,112 votes in the primary—only 26 less than Behan and

only 69 less than Judge Gemmill. The bar committee on candidates said of him: "He possesses the requisite education and experience. His integrity is of the highest. He is well qualified for the office." He is a graduate of Yale and of Harvard law school. His candidacy is being pushed strongly by leaders in the wartime "Four Minute Men" organization, of which he was vice chairman.

Lindsay, who was No. 23 with 1,111 votes, has been a master-in-chancery of the superior court since 1917. The bar association report said: "He is a careful lawyer, thorough, conscientious and even tempered. He is qualified for the office." He is a graduate of Grinnell and of Chicago Kent College of Law. From 1909 to 1912 he was a high school teacher.

Marshall, who received 855 votes in the bar primary was first assistant state's attorney from 1908 to 1911.

The bar association's committee reported of him: "His experience has been largely in prosecuting criminal matters, but he has also had considerable experience in general practice. He has the temperament and capacity for judicial office and is qualified for the office of judge of the superior court."

1923—The 100th year of
Brambach Quality

The Spirit of the Master Builder Still Lives after a Hundred Years

A century ago, Franz Brambach, master piano craftsman, set up a standard of workmanship which has endured until this day. This pride of craftsmanship finds its tangible expression in the Brambach Baby Grand. Its wondrous tonal qualities and instant responsiveness are combined with a quiet restraint of design and finish so valued in the tastefully appointed home.

You may now enjoy a Brambach Baby Grand in a small house or apartment; for it takes no more space, and costs no more than a high-grade upright piano.

McCORMICK ESTATE VALUED AT \$10,000,000

Charity Gets \$1,140,500 by Her Will.

Mrs. Nettie Fowler McCormick, late widow of Cyrus Hall McCormick Sr., has an estate of \$10,000,000, according to an inventory filed yesterday by Attorney Horace Kent Tenney, and approved by Assistant Probate Judge Henry O. Keefe.

Planned for her philanthropies, Mrs. McCormick was also a careful investor. Her executor's report showed that the estate includes only two kinds of "valuable" assets. These two kinds are the Chicago Railway company, in par value \$11,000, and bonds of the State of Jalisco, Mexico, par value \$15,000.

Amount \$3,000,000 was invested in stock of the International Harvester company, of which Mrs. McCormick's husband once was the head. The inventory showed a holding of 3,594 common shares of this stock, of a par value of \$30,000, and 25,487 shares of preferred stock, par value \$2,348,700.

The estate included Liberty bond, in the aggregate of \$382,250, and the proceeds of her two residences, one on Rush street, the other in Lake street, were appraised at \$110,000. Mrs. McCormick's jewels were worth \$12,000, the inventory stated.

Mrs. McCormick died July 5 at the age of 54 years. She was a prominent figure in the city's social and domestic life, and endowed many "disinterested and charitable" institutions. Her will left \$1,140,500 to these and other benevolent institutions, and divided most of the remainder between her son, Harold P., and Cyrus Hall McCormick, and a daughter, Mrs. Emma Blaine.

Principal Stocks Held.

The principal stock holdings of the estate, in addition to the Harvester company stock, are listed in the inventory as follows:

Stock	Par Value
1,000 Harvester company, Chicago	\$30,000
1,000 Illinois Merchants Trust company	103,200
100 United States Steel company	40,500
100 American & Co.	31,000
100 Southern Railway company	30,000
100 Erie Railroad company	12,000
100 American Railway	5,000
100 Chicago Great Western company	5,000
100 Chicago Auditorium association	5,000
100 Chicago, Milwaukee and St. Paul Railway company	1,000
100 Wisconsin Assembly and Summer school	1,000
100 Woman's Temperance publication	100

List of Bonds.

Mrs. McCormick's bond holdings, in addition to the Liberty bonds, were listed as follows:

United States bonds	\$150,000
United States bonds	50,000
United States bonds	5,000

The real estate owned by Mrs. McCormick includes the Harper block, 100 and Washington streets; Hobbs building, 70 West Washington street; United States Express building, 60 West Washington street; and her two residences. The inventory also scheduled silver mining properties in Puma county, Arizona, known as the Montezuma lode, the Emperor lode, and the Phoenix lode.

At the time the will was admitted to probate, the value of the estate was estimated at \$8,000,000. The inventory disclosed the total value is nearly \$10,000,000.

NEW SUPERVISOR OF PLAYGROUNDS OUT OF TOWN MAN

School Board Action Angers Coath.

At a stormy session of the board of education yesterday Charles E. English of Wilkesbarre, Pa., was appointed as supervisor of playgrounds at a salary of \$4,000 a year. The action was taken despite vigorous protests of Trustee J. Lewis Coath, who branded the move as "a disgrace to Chicago." In addition he declared the action illegal.

"If we give this man an important position like supervisor of playgrounds we are announcing to the world that Chicago is unable to produce a man competent to manage the greatest playground system in the world. Chicago was the pioneer in playground work and we have men in Chicago who are ten times as capable as this man who has been brought in from outside."

Holds Board Rules Violated.

"The rules of the board of education specifically state that the supervisor of playgrounds shall be selected from an eligible list in the office of the superintendent. No such list exists and many of the best playground men in the country were never even interviewed."

Mr. Coath said that at the next meeting he will make a motion to rescind yesterday's action on the ground that it is in violation of the rules.

"I'm going to make a fight to see that this thing is not carried through," he shouted. "The public will be up in arms against a move of this kind. There are men who have given fifteen or twenty years of their lives to this service and there should be a competitive examination for the job, not simply pick out one man and railroad him through."

Opposed by Rest of Board.

But the trustees maintain that Mr. English's selection is proper and legal. They claim the board has power to make a temporary appointment, regardless of rules.

"Mr. English has had varied experience, he has a wonderful personality, he comes highly recommended, and I believe he is the man who is best fitted for the position," said Supt. Mortenson, who recommended Mr. English's appointment.

The Annual November Sale of Women's Coats and Wraps

For Both Day and Evening Wear—A Month of Special Values—

THIS Annual Sale, through the characteristics it has built up during many years, has established remarkable traditions of value which make it one of the most notable events recurring on the calendar. It presents great numbers of Coats and Wraps for all occasions—one of the most extensive collections to be found anywhere in the world—including the most authentic and varied styles of the season in fabrics and furs of a quality which is typical of this section.

And, as in former years, the unusually low prices at which the various groups are marked make selection especially gratifying. There are Coats for all occasions, including, among other groups, many handsome styles for evening wear.

Prices, without Fur, \$35 up.

With Fur, \$47.50, \$67.50, \$75, \$87.50, \$110, \$125, \$145, \$165, \$195, \$225, \$295 and up.

Evening Coats, \$125 and up.

The Six Coats Illustrated

At \$67.50—deep pile fabric trimmed with rows of stitching and beaver and wolf collar.

At \$87.50—ormdale with a fox collar and wide sleeves trimmed with bands of the fabric.

At \$110—imported plaid with smart triangular insets and a fox collar as trimming.

At \$125—lustrous, with large collar, cuffs, and band around the bottom of fox.

At \$145—lustrous with shawl collar and large cuffs of fox. Draping slightly at the waist.

At \$165—gerona with fox collar and cuffs. A graceful panel at the side is finished with fur.

One of the World's Finest Fur Collections

OUR SECTIONS PRESENT PELTS GATHERED FROM EVERY FAMOUS FUR REGION

Evening Wraps Display a Soft Dignity

Now, at the very dawning of the opera and social season, our collection of formal Fur Wraps offers a most wide and fascinating choice. There are Wraps of broadtail and of ermine, bisque and white; and Alaskan seal and sable, as well as many other rare Furs.

Sports Coats of Fur

The brief, jaunty Fur sports Coat and the long warm one both have an equal vogue. For these Coats, sturdy and durable, such skins as leopard cat trimmed with red fox or beaver, dropped raccoon, and brown caracul with lynx are used.

The Smartest Fur Neckwear

In the larger, longer-haired Fur Neckpieces which are smartest this winter come foxes, blue and silver. The smaller Chokers are made of Hudson Bay sables and stone marten, all carefully selected and blended pelts. The price range for these Furs is truly remarkable for this period of the year.

Masses' and Children's Furs

This division of our section is a specialized one confined to the smaller sizes. In the children's Fur section our facilities have been enlarged to meet with the demands of the season.

Fur Trimmings and Accessories

Fur is ubiquitous this season for you find it on gowns regardless of their formality or informality and on wraps and coats. Our collection of Trimmings and Accessories surpasses any that we have offered in past years.

Custom Furs

This is a special department for designing and executing individual Fur Coats and Wraps. Master furriers are engaged in this work and the models produced in our Custom workrooms are of the finest Furs procurable, finished with all care and skill, and designed on the newest and smartest lines. The Field Hudson Seal Coats, introduced for the first time this year, are representative of all these qualities.

FUR SECTION—SIXTH FLOOR, NORTH, WABASH

Overblouses are Trimmed With Contrasting Colors or Fabrics

CONTRAST, whether it be achieved by the use of a different color or a different fabric, is the almost invariable characteristic of this season's smart crepe de chine Overblouses.

The one shown here, at the right, with a chenille velvet panel in front, comes in rust, navy, tan, brown and black, \$16.75. Another has an embroidered panel front. In rust, navy and tan, \$15. The third is trimmed with bands of contrasting color. In bisque, navy and copen, \$15.

Skirts of New Woolen Fabrics To Go The Rounds of Winter

NEVER have woolen fabrics been more versatile as to weave and color than they are this season. A skirt, to be as smart as possible, therefore places most of its emphasis upon its material, and is made on slender, straight lines.

One of those illustrated at the left is of gray brush wool, in wrap-around style, \$10. The other is of plaid novelty wool in brown and tan or blue and tan, \$11.50.

Sale of Decorative Household Linens

EXPECTANTLY awaited each year, the November Sale of Decorative Linens happily coincides with the formal opening of the winter's social season. Cordial hospitality may thus be graced with exquisite Linen appointments purchasable during the month at prices significantly lower than usual.

The prices, however, are by no means an index to the beauty and quality of the Linens, every piece of which is part of our regular collection, and all the collection is included.

There are Linens for every occasion. Specifically, Luncheon Sets, Napkins, Scarfs, Centerpieces, Luncheon and Banquet Cloths, Embroidered Sheets and Pillowcases, Bedspreads and Towels—in Madeira, Florentine and Chinese embroidery, Italian cutwork and filet, and many others type.

The Florentine Group

Typical of many Italian-made pieces, is an exquisitely embroidered Luncheon Set, with oblong Runner, 18x34 in., and 12 Mats, \$25. Illustrated above.

Madira Embroidery

Interesting representatives are Napkins at \$6 a dozen and higher; Bridge Cloth, \$5; Centerpiece, \$1.35; Guest Towel, \$1.35.

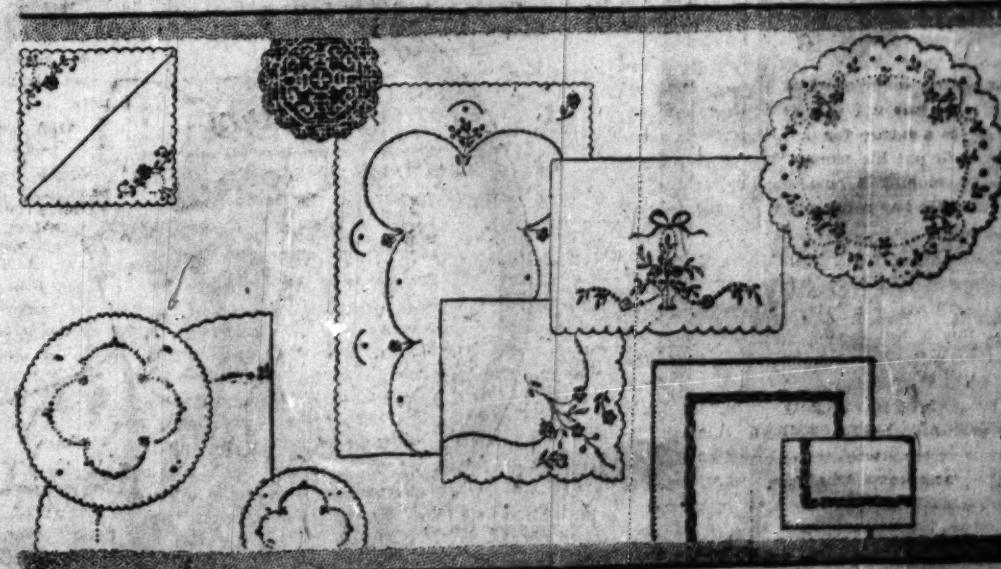

Filet Lace Doilies

Sets of twelve round Filet Doilies are priced, \$2.75.

Chinese Luncheon Sets

A dainty blue cross-stitch design on white Chinese grass linen makes a lovely 13-piece oblong Luncheon Set, \$25.

At the time of the accident, it was thought that Dr. Low was not severely injured and a fellow chauffeur took him to his home.

Dr. J. C. Low, 87 years old, a dentist, who lived at 4654 Cottage Grove avenue, was fatally injured yesterday when he was struck by an automobile driven by Ralph Bergstrand, 1412 Union avenue, Harvey, Bergstrand is being held pending an inquest today.

At the time of the accident, it was thought that Dr. Low was not severely injured and a fellow chauffeur took him to his home.

Police Inquest Continued.

An inquest into the death of Mrs. William E. Pearce, who was killed when her automobile was struck by another driven by Robert Gurinlan, 17 year old Oak Park student, was continued yesterday until Nov. 19 to permit her husband, who was also in the accident, to recover sufficiently to testify.

Clarence Friese, 14 years old, 636 North Dearborn street, Oak Park, testified that he saw Gurinlan's car a block away from the scene of the accident and that it was being driven at thirty-five miles an hour. Questioning by Gurinlan's attorney failed to shake his declaration.

Three passengers in the Pearce automobile, Mrs. R. J. Travis, Mrs. Beale C. Bethall, and Franklin M. Smith, testified. They could give no estimate of the speed of the boy's car. They said that they had not seen it until it was almost upon them.

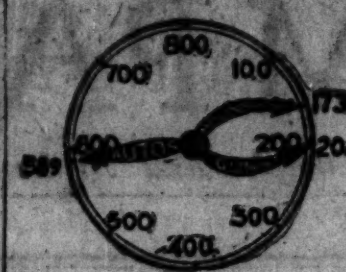

Held for Manslaughter.

Matt Reall, 3546 Christians avenue, who automobile on Oct. 14 struck and fatally injured Franklin E. Rosen, 14 years old, 1283 Garman avenue, was held to the grand jury yesterday on a charge of manslaughter.

A resolution asking Mayor Dwyer to get auto Dec. 1 as "safety Sunday" was passed by the mayor's safety commission yesterday. If he approves the plan, all motorists in the city will be asked to preach on the subject "Thou Shalt Not Kill."

George W. Hayden, 68 years old, 538 North Euclid avenue, Oak Park, narrowly escaped death late yesterday when the automobile which he was driving collided with a West Town railway street car at Lake street and North Euclid avenue, Oak Park. He suffered cuts and bruises.

FREED OF ATTACK ON GIRLS; ANGRY WOMEN PROTEST

Tumult, protest, and charges of "fixing" followed a verdict of not guilty yesterday in the trial of Senious Hirsch, 23 years old, 4924 Magnolia avenue, who had been charged with rape. Twenty angry women, led by Mrs. Benjamin Meiss, 810 Addison street, who claimed her two daughters, Selma, aged 15, and Jennie, aged 17, had been mistreated by Hirsch during a period of several years, invaded the state's attorney's office and their voices could be heard through out the criminal court building.

Threats of bodily harm to Hirsch had resulted in the women being kept from the courtroom when the verdict of the jury was read. There were many men in the party that burst into the office of Acting State's Attorney Edgar A. Jones.

Assistant State's Attorney Edward Lyons said he agreed with them that there had been a miscarriage of justice, and told them Hirsch would be again placed on trial.

The mother of Rosalie Bauskamp, 9 years old, said she would charge Hirsch with taking indecent liberties with the little girl. Mr. Lyons said he would bring her before the grand jury and give her the opportunity and that he would then prosecute.

PROF. E. B. STUART, WIDELY KNOWN SCIENTIST, DIES

Prof. Ernest Boyd Stuart, widely known Chicago scientist, died yesterday of a paralytic stroke at his home, 240 West Garfield boulevard. Until a few weeks ago he was professor of chemistry in the college of pharmacy of Northwestern university. He was formerly secretary of the Chicago Microscopical society and a member of the Royal Microscopical society of London. As a bacteriologist he was the originator of the municipal bureau for the chemical inspection of milk, founded during the administration of Mayor Hempstead Washburn.

Prof. Stuart was born in Vermont 78 years ago, enlisted in a Vermont regiment in the civil war, was wounded at Antietam, and was transferred to Camp Douglas at Chicago, in which city he had made his residence ever since. He is survived by a daughter, Mrs. John W. Beckwith.

DR. SARAH BRILSFORD DUNCAN, a practicing Chicago physician for thirty years, died yesterday at her home, 768 Harvard avenue. She was 74 years old. Two daughters, Miss Alexandra J. Duncan and Mrs. Irene Duncan Tingle, survive. Funeral services will be held tomorrow afternoon at 2:30 o'clock from the chapel at 633 street and Harvard avenue.

HOLD FUNERAL TODAY FOR MRS. ANNA M. LEWIS

Funeral services for Mrs. Anna M. Lewis, one of Chicago's pioneer actors and wife of Dr. Charles J. Lewis, one of the city's oldest physicians, who died on Tuesday at her home, 2428 West Monroe street, will be held at the family residence at 1:30 this afternoon.

Mrs. Lewis, who was 83 years old, attended old settlers' reunions for more than forty years. She was born April 29, 1850, in a home which stood on Lake street near La Salle. Following her marriage she resided for fifty-five years at 1900 Carroll avenue. Her husband, who is survived by a daughter, Miss C. Louise Lewis, and a sister, Miss Susan A. Edwards. Burial will be at West Northfield, Ill.

EDWARD A. HARTMAN, manager of the Edward Hines Lumber company of Park Ridge, will be buried this afternoon with services from his home in Park Ridge.

Illinois Central System Shows That Railroads Have Made Good on Their Pledge

The railroads have made good on their pledge of last April to meet the unprecedented demand for transportation this year. Although the amount of freight traffic offered has been the largest in history and much greater than was anticipated, the railroads have moved it promptly and efficiently.

It was predicted last spring that railway freight traffic would reach new high levels during the summer and fall. In preparation for the task of moving this record traffic, the railroads announced a program of expenditures upon additions and betterments to their properties amounting to more than \$1,100,000,000 for the year. They set out to reduce the number of freight cars needing repairs to 5 per cent of the total and the number of locomotives needing heavy repairs to 15 per cent of the total. They agreed to lay in surplus stocks of coal during the summer, in order to release equipment for other use later in the year. They agreed to carry forward their construction and maintenance programs to have as much work as possible completed by September 1.

All of these objectives have been substantially attained. For example, between January 1 and October 1 the railroads installed 134,636 new freight cars and 2,963 new locomotives, and on the latter date they had on order, with deliveries being made daily, 64,601 new freight cars and 1,242 new locomotives. On October 1 the railroads had in reserve 17,663,448 tons of coal, as compared with 6,756,886 tons on January 1.

The surpassing achievement of the year is that a traffic greater than has ever before been known has been moved without interruption or delay. It was anticipated that car loadings would exceed a million cars a week in nine weeks prior to October 1. In reality, car loadings exceeded the million mark in fifteen weeks. In the week immediately prior to October 1 more cars were loaded with freight than ever before in railway history—a total of 1,092,567 cars. Prior to 1923 the record loading was 1,018,539 cars in the week of October 15, 1920. Loadings in the nine months up to October 1, 1923, amounted to 37,308,891 cars, an increase of 19 per cent over the first nine months of 1922, 28 per cent over the first nine months of 1921, and 10 per cent over the first nine months of 1920. However, it is feared that, even with this unprecedented volume of traffic, the railroads will fail to earn for the year the 5 1/2 per cent upon their tentative valuation to which the Interstate Commerce Commission has held they are entitled.

The railroads, their employees and their patrons are to be congratulated upon their splendid performance in handling this record traffic. There may be some danger, however, that this great achievement of the railroads will create the false impression that a further increase in railway facilities is not needed. To be able to meet the future demand for transportation as they have met it this year, the railroads must not rest upon their oars; they must continue to extend and improve their facilities. Funds must be obtained to provide the additional facilities necessary to reduce the costs of operation and to enable the railroads to furnish the public adequate transportation at the lowest possible rates. Railway patrons must realize that this requires that railway credit be maintained.

BUS LINES ASK WIDE EXTENSION OF CITY ROUTES

Huge Expansion Planned in All Districts.

Chicago's transportation problem promises to be materially relieved if the Illinois commerce commission grants applications for widespread extensions of the city's bus lines which were made yesterday by the Chicago Motor Coach company.

The company proposes to add to its service in all directions on the north, south, and west sides. Its officials and attorneys declare its plans are based on requests of many citizens along the proposed routes.

These Extensions Asked.

In addition to requests for the right to make a number of "turn-arounds" on the three sides of the city, the coach company requests that it be allowed to make the following additions, connections, and extensions:

WEST SIDE.

North Central Park avenue from Foster avenue to Franklin boulevard.

NORTH SIDE.

Glenwood avenue from Pratt boulevard to Argyle, east on Argyle to Magnolia, south on Magnolia to Wilson.

Ridge avenue from Devon to Granville, then east on Granville to Sheridan road.

Peterson avenue from Lincoln avenue to Ridge.

Lincoln avenue from Peterson avenue to Foster.

Foster avenue from North Central Park avenue to Sheridan road.

Wilson avenue from North Central Park to Ravenswood avenue.

Addison street from Less avenue (5400 west) to Sheridan road.

Ashland from Edgewater avenue to Belle Plaine avenue, east on Belle Plaine to Green-

view, and over Greenview south to Division.

Kessler avenue from Milwaukee to Addison.

Milwaukee avenue from Kessler to Addison.

Shelburne avenue from Byron to Cornelia.

La Salle street from Lincoln park to Washington street.

La Salle street from Lincoln park to Randolph street.

Ohio street from Franklin street to the Municipal pier.

Walton place from Michigan avenue to Lake Shore drive, south on Lake Shore drive to Grand avenue.

SOUTH SIDE.

Woodlawn avenue from Hyde Park boulevard (51st) to 67th.

Michigan avenue, 65th to 60th; 60th, Michigan to Cottage Grove; South Park, 60th to 70th; Jefferson avenue, 67th to 70th; Normal avenue, 67th to 73d; Loomis, 67th to 71st; 67th, State Island to South Shore; Yates, 71st to 79th.

Line Up South Routes.

Application was also made for the use of various connecting driveways through Lincoln and Jackson parks.

Most of the proposed extensions on the south side connect with lines already in operation; for example, connections are sought with the 67th street line, which is operating from

WRINKLES QUICKLY BANISHED NEW WAY

Each One Gently Lifted Away

Tired lines, tiny crows' feet, deep seated wrinkles—these are now entirely unnecessary! For a marvelous new cream has been discovered which smooths them away, as if by a touch of a magic wand. This new discovery is called Domino Wrinkle Cream. It works on an entirely new principle. Most treatments merely try to conceal or cover up wrinkles. But the new treatment gets the underlying cause of wrinkles, removes it, and as it does so, the line and wrinkle is gently lifted away, revealing a new smooth and wonderful youthful complexion. Even after the first few days' use, the face appears younger looking.

CHICAGO SCHOOLS A BAD SECOND IN RACE WITH KIDS

Classroom Congestion Is
Worse than in Chicago.

BY ARTHUR EVANS.

New York, Oct. 31.—(Special.)—School congestion is at its worst in New York. Compared with conditions in Chicago, Chicago's shortage of seats is relatively small problem.

Out of an enrollment of 996,439 in the New York public day schools Oct. 1, so many that 151,943 pupils are on part time, many of them getting only one hour a day instruction. In addition 65,375 pupils are on a double session schedule. In all 177,343 pupils are either on short time or on a two shift plan. In other words, New York has at every part time and double session school in Chicago has pupils in all its regular day schools—enrollment in the old home town last month was 272,234.

Twenty per cent of New York's public day school attendance is on half time or on doubleheader programs, as against less than 15 per cent in Chicago. If Chicago were in as bad plight as New York, it would have 100,000 pupils on short time and two shifts instead of 51,000, as at present.

New Congestion Has Grown.
In the last five years the seat shortage here has grown at a tremendous rate. In 1918 there were 31,000 pupils on short time, in 1920 it rose to 44,000, in 1921 it reached 54,000—a four-fold increase in five years.

Congestion is greatest in the rapidly growing residential sections. It is bad enough in the crowded tenement districts of the lower east side, where at times the police fence off the streets for playgrounds, but in the upper Bronx and the southern parts of Brooklyn the overload is at its greatest.

As apartment buildings go up and population swarms outward, the rush to the schools is so great that in some instances the classrooms have been put on a three shift day. Each new school facility, each new development of a residential neighborhood, serves to increase the overload, for the schools have never kept pace with population in its shifting and its growth.

The Usual Trouble—Politics.
Politics has always been the bane of the school system here. Any New Yorker tells one that right off the bat. "A seat for every child" has been as familiar a slogan in New York campaigns as "a seat for every strapping fellow" in Chicago. The schools have been a football in politics, and with it highbrows and lowbrows have kicked themselves into office and out again. That and the fact that financial responsibility is divided are held by the school men to be the direct causes of lack of school accommodations. The schools, they say, are always being

asked either to rival political parties or rival factions.
Ordinarily, New York grows at the rate of about 100,000 a year, and school attendance somewhere between 15,000 and 20,000. It takes an average of ten new buildings a year, costing at present prices \$5,000,000 to \$10,000,000, to keep pace with the population.

Affected by Many Causes.

But for many years the city has lagged. In the six years, 1917-18, the increase in seatings was less than two-thirds the increase in pupils. And since then the ratio has dropped. An experiment with the Gary system reduced construction at one time, a "pay as you go" policy during the short period it was in, brought few new buildings, the war stopped construction; high prices after the armistice cut in three the number of new seats a million dollars would get; strikes later slowed up work, until now the educators voice despair that New York will ever catch up.

In 1918 New York's population decreased 264,000, but in the same period school registration increased 43,000. The immigration rush after the armistice before the bars were put up alone is estimated to have put 35,000 new children into the schools. Some are beginning to doubt that the federal government should build schools for immigrant children at the port of entry.

Reasons Out of New Plans.

Meanwhile an extensive building program has been under way, although the seating capacity is still falling. The figures are impressive. Seventy schools are under construction. They will cost at least an average of \$1,000,000. Sixty more are on this year's program and sixty more for 1924. Since 1918 no less than \$115,000,000 has been authorized for buildings. The full program for 1918 through 1924 totals \$175,000,000. Some of the statisticians place the amount possible even higher.

But even at \$175,000,000 for the 1918-24 building program, which seems a tidy sum, a large surplus of children over seats is expected. This program

will take at least two years more and experts figure at least 150,000 children will still be on part time or double sessions. Chicago's whole school plant cost only \$107,000,000, that being the figure at which it is carried on the books. It is all paid for.
New York builds its schools on deferred payments instead of on a "pay as you go" policy as in Chicago. It builds by bonds, usually running forty years. At 4 per cent interest this \$175,000,000 worth of buildings to take up the existing slack would cost in the long run about \$450,000,000. Here they believe in letting posterity pay.

Mexico City, Oct. 31.—Robert A. Newman, an American ex-service man, who was kidnapped on April 24 by Juan Galindo, a bandit leader, was released today, according to official information received here. Mr. Newman is now on his way to Durango City.
Mr. Newman is in good health and shows little effect of his five months with the bandit gang in the Durango mountains. His release was brought about through cooperation of the United States embassy and the Mexican government.
Galindo demanded a ransom of \$5,000 pesos (\$15,000), but Mr. Newman refused to permit his friends to pay the money.

"The Voice in the Mount"

MAY we not felicitate the clothes-buying public of Chicago and vicinity, upon its fine sense of appreciation in bestowing upon this institution a most gratifyingly large October business?

Indeed, it would be difficult to place a false construction upon this tremendous outpouring of the people. It was nothing more or less than a popular demonstration of confidence in The Hub's modern business methods—a splendid tribute, if you please, to the high character of Hub merchandise, and its greater value-giving power.

As the "world's largest clothing store" The Hub has won universal recognition. We are proud of this distinction—not altogether in the sense of bigness—but because of the realization that in magnitude lies strength, power, dominance, and multiplied facilities for serving the public.

From the voice in the mount—thundering down the ages—we are taught that the wise man builds his house not upon the sands, but upon the more solid foundation of rock, so that when the rains descend, and the floods come, and the winds blow, and beat upon that house, it falls not.

And so, in the wisdom of its founder, The Hub is built upon the enduring foundation of public confidence, and as time rolls on, grows greater and ever greater in its particular sphere of usefulness.

Brushing . . is not enough

The mouth glands must be
set to work protecting the
teeth day and night

You cannot brush your teeth every five minutes. And yet that is the only way to prevent decay—unless you can keep your mouth glands active. They alone can protect your teeth day and night. But now, through lack of exercise, these six tiny mouth glands have become weak. Pebecco makes the mouth glands flow more freely. As soon as it enters the mouth an increased flow of healing fluids pours over the gums and teeth; in between the crevices where the tooth brush cannot reach. These fluids neutralize the acids of the mouth as fast as they form and keep the teeth always clean and safe. Pebecco cleans the teeth thoroughly, but it does more than that. It stimulates a healthy salivary flow—and that alone can keep the teeth clean and safe against decay.

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away go indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the stimulants for salivary glands. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without irritating, cramping or pain. Take one or two at bedtime for quick relief. Eat what you like, live and be happy.

\$5,743 PROFIT IN SALE OF VETS' HOSPITAL LAND

Washington, D. C., Oct. 31.—[Special.]—Lavish expenditures of government money in connection with the proposed tuberculosis hospital for ex-servicemen at Livermore, Cal., caused the attention of the senate committee investigating the veterans' bureau today.

The evidence showed that Lucien Johnson of San Francisco bought the site of the hospital for \$19,287 and sold it to the government for \$195,000. It showed also that the bureau paid an architect's fee of \$97,000 to Mathew O'Brien of San Francisco, described in previous testimony as a friend of Col. Charles, former director of the bureau, for hospital plans which were never used.

The testimony given before the com-

mittee last week it was stated that the fee paid to O'Brien was \$84,000. This amount, it was disclosed today, was in payment for his first set of plans, which had to be discarded because the lowest bid on the construction of the hospital under these plans was \$500,000 in excess of the appropriation. O'Brien revised the plans and then submitted an additional claim for \$33,000. Despite the disapproval of Gen. Hines, present director of the veterans' bureau, this claim was approved by Controller General McCarl and paid, making the total payment to O'Brien \$117,000. Gen. Hines has since written to McCarl protesting against the payment and suggesting steps to recover it from O'Brien. He has received no reply, he said.

E. J. Boughton, assistant general counsel for the bureau, told the committee the \$23,000 claim was sent to the controller general's office on Sept. 19, 1922, and allowed nineteen days later. He added that it was the only case within his knowledge where a claim had been allowed after disapproval by the director of the bureau.

Lucien Johnson was on the stand several hours to answer questions about the real estate aspects of the Livermore deal. His income tax state-

ment showed that the sale price of the site was \$195,000; that he paid \$19,287 for it, leaving a gross profit of \$175,713. Johnson bought the Livermore site from the Cresta Blanca Wine company, in which he was a small stockholder. There was a large vineyard on the property, but at the time he purchased it grapes had taken a slump in the market and he was able to buy it at a low price. The committee questioned him about rumors of gifts of wine to Col. Forbes, but he denied knowledge of these. Gen. O'Brien, counsel for the committee, declared the testimony in the transaction reflected on officials in Washington, who "rushed blindly into the deal."

Troubles Heap Up for Realty Agent Ullrich

Louis Ullrich, brother of the head of the real estate firm of Henry Ullrich & Co., with offices at 155 North Clark street, who was fined \$2,000 and costs and sentenced to one year in jail by Judge Ann Adams on Tuesday for selling real estate without a license, was arraigned before Judge John P. Haas yesterday on a charge of operating a confidence game. The case was set for Dec. 3.

FALSE RECEIPTS LAID TO CARLSON IN CRAFT TRIAL

Instructions to show the receipt of goods that had not been delivered, and which later were paid for by the city, were given by George H. Carlson, commissioner of gas and electricity under the Landon-Thompson regime to two of his employees, according to testimony yesterday before the jury in Judge Joseph B. David's court that is trying Carlson and five others on charges of conspiracy to defraud the city out of \$250,000.

John Bradley, for nine years chief clerk of the department, testified he had summoned Fred Rehm, former storekeeper for the department, to his office and asked him if he had talked for materials that were not received. "Rehm said he had," Bradley testified. "He had done so, he said, on

orders from Mr. Carlson. He said it was a question of doing it or losing his job."

Rehm's attorney, James C. O'Brien, asked Bradley if he had approved vouchers in payment for materials contained in the false receipts. Bradley replied he had, but did not remember whether it was before or after his talk with Rehm. At this Judge David ordered the jury from the courtroom and turned to Special Assistant Attorney General Fletcher Doherty.

"Is this witness any better than Rehm?" the judge asked. "He has said he permitted payments to be made despite his information that the goods had not been delivered. Stealing is stealing, no matter who does it. I would like to know your position in this matter, Mr. Doherty."

"If the court will permit the trial to go on," the prosecutor replied, "our position will soon be seen for itself."

Bradley explained that the tallies were properly executed and that his approval was merely a matter of form.

"Well," said Judge David to Mr. Doherty, "you don't have to put a halo around the head of a city employee who is guilty of fraud."

A superintendent of construction, testified that Fred A. Duggan, also a defendant, had told him he had orders from the "front office" to turn in false tallies. Later said Duggan meant Carlson.

WOMAN, 83, DIES AFTER RESCUE FROM FLAMES

Rescued by firemen from the second floor of a burning building at 2109 South 48th avenue, Cicero, Mrs. Mary Brunner, 83, a widow, died yesterday from the effects of being overcome by smoke.

The blaze broke out in the basement of the building Tuesday night. After a nephew had made a vain attempt to reach Mrs. Brunner through the smoke filled hall, firemen erected a ladder. Her 62-year-old son, Martin, and Frank Witkowski, a fireman in the Cicero department, were also overcome by the smoke. They recovered.

CITIES ARE DRY, FARMS WET, SAYS KANSAS EDITOR

BY WESTBROOK PEGLER

(United Press Staff Correspondent.)

New York, Oct. 31.—Ed Howe—Old Ed Howe—better known as founder of the Atchison Globe, is in New York for his first visit in fifteen years, bound south for Miami, where the swordfish tropes its blade on the tiger shark and the saving apparatuses meet the swordfish for a toothpick.

Not exactly humble, but not what you'd call a confessed oracle, either, Ed Howe talked to New York reporters about New York, about the newspaper business, about people and cooking and

ED HOWE

this and that. He came here for seclusion among the six millions because he can stand at Broadway and die for hours and never see a soul he knows.

"Matter of fact," he said, "I'm not the only one coming from the country to the city nowadays to rest up. With all the drinking going on in the country, farmers' sons are getting to be drunkards, and they are sending them to the cities to straighten up. You just ought to see the liquor drinking in the country. You would see something downright disgraceful."

"It's easier to make it and harder to catch them making it in the country. Why, you take it right in the little 18,000 town of Atchison, there's some men with as much as two barrels of liquor in their cellars. I'm a prohibitionist, and I thought state prohibition was fine, but national prohibition is a failure in Kansas."

Getting News from Trainsmen.

"I wouldn't even know how to work on a New York paper," he admitted. "I don't believe I could learn to run a New York paper. Think of me sitting down and trying to tell what the people of the greatest city in the world need in the way of a newspaper! But if I worked here I'd just try to be a good reporter. Almost all good writing is just good reporting, and a reporter has to know people. People are smart. They give you lots of good news. Out in Atchison I used to watch the trainsmen because a trainman is a smart rooster and thinks up lots of smart things to say."

FORM 1,040, BANE OF INCOME-TAX PAYERS, WILL BE SIMPLIFIED

Washington, D. C., Oct. 31.—"Form 1040," which has stumped many an income tax payer with its six pages of questions, instructions, and what not, is to be simplified.

Hereafter, the internal revenue bureau announced tonight, it will consist of a single sheet and will be used in reporting net income of not more than \$5,000 derived chiefly from salary and wages. Questions will be on one side of the blank, instructions on the other.

"More than 4,000,000 persons, or approximately 70 per cent of those who annually are required to file individual income tax returns," the announcement said, "are affected by the simplification."

The six page form will continue in use for taxpayers, many of whose income is derived from business or profession, sale of property or rents, even if the total is less than \$5,000 a year, and for those who have yearly incomes of more than \$5,000 regardless of the source.

PICKFORD LIBEL SUIT MAY ANNEX NEW PLAINTIFF

Miss De la Motte Has
Grievance.

BY EDWARD DOHERTY.

(Picture on back page.)

Los Angeles, Cal., Oct. 31.—[Special.]—Marguerite de la Motte, one of the best known of movie actresses, may become a party to the suit of Douglas Fairbanks, Mary Pickford, and Evelyn Brent to be filed against an eastern movie magazine.

The article which the movie stars consider libelous hinted that Mary and Doug had quarreled over Miss Brent, who had been hired to play a part in one of Doug's pictures. Miss De la Motte's name was mentioned in the same article as another young woman who "had been picked up by Doug and dropped because of Mary." The article stated that Marguerite had been slated to be Doug's leading lady in "Robin Hood," but that Mary had selected Enid Bennett for the part because "Enid was safely in love with her own husband."

Miss De La Motte declared today that it was not only ridiculous to

couple her name with that of Douglas Fairbanks, but malicious as well.

Miss De La Motte was picked by Mary Pickford as "one of the big stars of the future," and there is a great mutual admiration between them.

An all-around
public servant

What is a Yellow Cab driver? He is a composite of usefulness—a modern cab-driver, a policeman, a fireman, a friend in need, a protector, a much-desired, all-around public necessity and public servant. He is available any minute of the day or night.

He is one man picked from ten. Our records show that about one out of every ten applicants qualifies. And he qualifies only after we have searched carefully into his past life and found it clean.

He is a human being "even as you and I." He has the same thoughts, dreams and ambitions. He has the same interest in life, the same desire to be something and somebody. And he works just a little bit harder to earn his living than you and I do. He is in the traffic constantly, subject to a hundred rebuffs and interfering incidents.

He is a good fellow or he couldn't go through it all and come home with a smile on his face—as he does. Treat him nicely, won't you please, if you find him to be a good fellow. When we find him that way we treat him awfully nice. If you find that he isn't a good fellow, tell us about it and we will help him.

Of course he isn't perfect. What man is? He can't wake up feeling 100 per cent fit every morning of his life any more than you or I, but he has got to shoulder his burdens and carry on where you and I might take a day off and play golf or go fishing.

He's a hard worker and an earnest one. Treat him well and see how far he will go to serve you.

THREE ACCUSED OF ERROR WHICH COST 23 LIVES

Washington, D. C., Oct. 31.—Bad judgment and faulty navigation on the part of three officers caused the loss of twenty-three lives and of naval material to the value of \$12,000,000 in the destroyer accident on Honda point, Oct. 28, the board of inquiry determined in its final report to Secretary Trevelyan.

On the recommendations of the board, Capt. Edward H. Watson, the squadron commander, Lieut. Commander Donald T. Hunter, command of the Dupont, flagship and leader of the destroyers which grounded, and Lieut. Lawrence F. Rodgers, navigator of the Dupont, will be charged with "culpable inefficiency in the performance of duty," and negligence.

Eight other officers, including the commanders of as many destroyers which figured in the catastrophe, will have charges of negligence in performance of duty.

"In the opinion of the court," the report said, "the disaster is directly attributable to bad errors of judgment and faulty navigation on the part of three officers. Their responsibility is complete and the court sees no extenuating circumstances."

Commanders of the other destroyers must be held responsible in a measure, the board found, for having "too hastily followed the judgment of the squadron commander" and in failing to check the position of their ships.

Praise Given for Services.

The board commended the morale shown in the third period of the cruise.

which comprised the time after the ships had struck.

"From that instant," the report said, "squadrons eleven displayed a seal, courage and coolness in face of grave danger, which is a matter of pride to the navy and should be to every American. It is due to perfect discipline that the loss of life was so small."

WAR DOGS GROWL OVER ARGENTINE-BRAZIL FRONTIER

BY JOHN WHITE.

(Chicago Tribune Foreign News Service.)
(Copyright, 1923, By The Chicago Tribune.)
BUENOS AIRES, Oct. 31. — The great South American armament race got under way today when the Argentine congress accepted Brazil's challenge to make military preparations.

The chamber of deputies held a secret session until an early hour this morning and authorized the government to spend 100,000,000 gold pesos (\$100,000,000) for armaments and accommodations for the army. No congressional record shorthand writers were present. No statements were given out to the newspapers. But it is understood that the chamber approved the project, which already is approved by the senate, granting the entire appropriation as requested by the government.

On Brazil Border.

One-half of the appropriation will be used for the construction of a huge barracks in the provinces of Corrientes and Entre Rios, which border on the Brazilian state of Rio Grande do Sul, where Brazil is constructing its barracks and concentrating its military preparations.

Argentina also is planning to hold this year's maneuvers in the two provinces mentioned, thereby entering the war game with Brazil. Half of the appropriation will be used to purchase artillery and rifles and large quantities of ammunition. American munitions salesmen have been here some time competing with Europeans in keeping alive the war scares. One just has departed for the United States, which leads to the belief that he has been promised a share of business.

No Secret of Plans.

Neither Brazil nor Argentina are making any secret about the identity of the neighboring republic against which they are arming. The Argentine authorities, however, take the position that Brazil has been arming against Argentina for three years, assisted during the last year by large American naval missions, and that further delay in beginning preparations would be suicide.

Argentina has not bought any army material since 1908. Its field artillery was made in 1908. The government secretly is guarding the details of its intended military preparations.

The Socialist deputies left the session last night and issued a statement this morning declaring they refused to participate in any secret consideration of a question so important to the Argentine people as armament. They demanded public sessions, which the majority refused.

BLIND PARTNER FAILS TO SAVE 'SONG BOOSTER'

After listening for several days to amateur composers' songs, a jury in Federal Judge W. C. Lindley's court yesterday, after 20 minutes' deliberation, found W. L. Needham, manager of the Musician Self-Maker company, guilty of using the mails in a scheme to defraud. He was charged with promising embryo impresarios, for sums ranging from \$3 to \$25, to publish and popularize their compositions, and failing to make good. A motion for a new trial was denied and sentence will be imposed Nov. 16.

The last person to testify was J. L. Gardner, a blind man and former business associate of Needham in the company. He attributed to himself all the things charged to the defendant in the indictment, but apparently it affected the jury little.

Two hundred and twenty exhibits were introduced by the government, mostly poems sent Needham to be set to music.

WOMAN ATTACKS DOCTOR ACCUSED OF OPERATIONS

Dr. Charles W. Klineport, with offices at 177 North State street, was struck by an angry woman and held to the grand jury on a murder charge yesterday during an inquest into the death of Mrs. Lydia Nelson, 24 years old, who died three weeks ago following a criminal operation. Before her death in Englewood hospital she signed a statement accusing Dr. Klineport.

Present at the inquest was Mrs. Emma Sales of 6310 South Morgan street, who came with Arthur Burrage Farwell of the Law and Order league. She declared that her daughter, Mrs. Harriet Grimm, died almost a year ago from the effects of a similar operation performed by Dr. Klineport. During the hearing she jumped to her feet and struck the physician in the face.

GUY SUSPENDED SENTENCE.

William Barrett, 7019 South Throop street, who was arrested upon complaint of his wife, was given a suspended sentence in the house of correction for making moonshine in their home.

A lovely watch for a woman—and what makes it so

THE watchmaker whose heart is set on doing good work finds opportunity at Elgin.

Both men and women have found their life calling making Elgin Watches.

They get a good deal of happiness and satisfaction in the fineness of the parts they handle and the skillful fittings and adjustments they are called upon to perform.

Please bear in mind that this is the professional spirit.

No price can be put on it.

It is too rare a thing for a cost-tag.

It seeks respect—and receives it from all over the world when people speak of the Elgin Watch as the professional timekeeper.

Nothing short of the Elgin vision can produce wrist watches for women of the precision of the one illustrated here—and other Elgin Watches for women which your jeweler will show you.

BANK ASSEMBLY OPPOSES BONUS; ASKS SHIP AID

Washington, D. C., Oct. 31.—(Special.)—Opposition to a soldiers' bonus was expressed in resolutions adopted at the closing session of the annual convention of the Investment Bankers' Association of America today. The resolutions, presented by Thomas N. Dwyer of St. Louis, declared that "the payment of a bonus would require an increase in taxation and would further tend to prevent the prompt return of this country to full prosperity."

Another resolution expressed confidence in the fundamental principles underlying the transportation act of 1920, and the present federal budget system was approved.

Prentiss Elected President.

John W. Prentiss of Hornblower & Weeks New York City, was elected president of the association, succeeded by John A. Prescott of Kansas City. Modification of the La Follette sec-

man's act and other steps to relieve American ships of handicaps in competition with foreign vessels were recommended in a report approved by the convention.

The report declared that the situation relative to marine securities will continue unsatisfactory until some support is given American shipping companies. The report asserted that the government ought to sustain shipping lines which conform to certain standards. It was urged that the government retire from the shipping business.

Agitation against fraudulent securities has resulted in reducing the number of illegitimate investment offerings to a very low point, according to another report.

Barnes Opposes Bonus.

Indianapolis, Ind., Oct. 31.—Opposition to a cash bonus for world war veterans was reiterated by Julius H. Barnes, president of the Chamber of Commerce of the United States, in an address here tonight before the Indianapolis Chamber of Commerce.

Mr. Barnes said that aside from the sacrifices which war demanded of all classes of citizens, whether in or out of the military service, the financial cost will be borne for generations by the American people.

WOMAN DIES ON CROWDED CAR.

Mrs. Emma Noble, 55, 207 South Pearl street, died suddenly yesterday on a crowded street car at Roosevelt road and Independence boulevard. Heart trouble caused her death, police said.

CONDITIONS ON FARMS THE BEST FOR THREE YEARS

Washington, D. C., Oct. 31.—The country's agricultural position is the best it has been in three years, the department of agriculture announced today in its monthly review.

"Purchasing power of farm products, though still at a disparity as compared with industrial products, is now at the highest point in three years," the review states. "Moreover, farm prices for agricultural products are higher at a season when farmers actually have something to sell."

"The spring wheat territory continues in distress. Farmers in this territory are also discouraged at the low price of potatoes and incidental crops. There is considerable talk of diversification, and especially of increasing dairy stock."

"Prices of crops as a group in September were slightly higher than in August, and 18 per cent higher than September a year ago. Prices of livestock products as a group made the largest gain of any one month since February, 1922."

"Advances were made in cotton, wheat, hogs, eggs, butter, and lamb. Corn and potatoes registered declines. The index of purchasing power of farm products as a group is placed at 75 as compared with 73 in August and

with 64 in September a year ago. The run of hogs and sheep to market continued heavy, although many sheep were redistributed for feeders. Exports of wheat including flour, during the first nine months of 1923, were 45,000,000 bushels less than during the corresponding period of 1922, whereas exports of lard show an increase of 226,000,000 pounds, and of bacon, hams and shoulders, 144,000,000 pounds."

Into his great warehouses he gathered all the rare Coffees of the world

to find the one coffee
that everyone would
acknowledge to be the best

TESTING and comparing coffees from all over the world, John Arbuckle, the world's greatest coffee merchant, selected the rarest and finest to create for himself a coffee of supreme quality.

For years he kept it for his own use alone—to serve on his own table, to present as a gift to his special friends. But everybody who tasted it wanted to buy it, and so at last Yuban was placed on the market.

On your breakfast table today—the one coffee he chose
to be his guest coffee

You can have on your breakfast table this choicest of all coffees with all its original freshness and flavor.

To your family, your friends, you can serve this coffee which the great coffee merchant so long reserved for his own private use. Today you can get it anywhere—at no higher price than you would pay for an ordinary coffee.

However good the coffee that you have been drinking, you will have to admit when you try Yuban, that here is a coffee that is beyond anything you have ever tasted before. No other coffee has its full-bodied richness of flavor, its delicately tantalizing aroma, its steaming amber liquor.

No other coffee has its
peculiar depth of flavor

Mandel Brothers' November Coat Sale

—that widely noted "annual" which brings autumn's supreme coat values

For smartness and variety of styles, for modishness and worth of materials, the coat sale launched today surpasses all the November coat sales of the past, on our great fourth floor. Particularly featured are two exceptional groups of

600 women's and misses' fur trimmed coats in two great groups of superb values

at **77.50** and **97.50**

They were bought from makers who specialize in high grade garments, and who co-operated with us in order that we might offer you the best obtainable bargains at the two sale prices.

Scores of smart models that exemplify dominating features of the newest mode

Every coat is strictly hand-tailored and fashioned of a rich, deep pile fabric that lends warmth without excessive weight. The fur trim is fashionable viatka squirrel, beaver, fox, wolf and opossum, in desirable shades that include brown, taupe, kit fox, navy and black. Five women's and five misses' models are pictured.

Girls' and juniors' splendid winter coats in a November sale of their own

that affords values remarkable in the sphere of youthful apparel—values unapproached in several seasons at the two featured prices—values that counsel your early choosing.

Girls' astrakhan cloth coats **19.75** and **\$35** Junior wool novelty coats
and teddy bear cloth coats Junior Lochmere plaid coats

Clever, youthful styles in warm, durable fabrics; coats excellently tailored, warmly interlined and lined throughout. Five typically pleasing models are illustrated above.

The girls' astrakhan coats are in beige and gray; sizes 6 to 10; the teddy bear cloth coats are in shades of tan and gray; they are in sizes from 10 to 14 years; featured at 19.75. The junior coats at \$35 are excellently tailored, and topped with chin chin collar of American opossum. Juniors' cape coats of novelty fabrics at 19.75.

Exquisite silks and velvets from France
—direct importations—exceptional values

These new silks and velvets are distinctly Parisian—their artistic patterns and stunning colors inspiring pronounced preference, including, as they do, gay and quiet designs, large and small figures, all-over patterns, and distinctive motifs.

Silks direct from Lyons, France. at 6.50 to 12.50

Exclusive, gorgeous, glistening silks heavily encrusted with intermingled gold and silver threads, cre and semi-luster, plain and printed metal silks, moire and pebbled metal silks; broche imprime metal silks in striking and subdued patterns; brocaded metal silks; all sponsored by Paris.

Imported novelty velvets Metal brocaded velvets

The high note in novelty is reached by these exquisitely Exclusive printed chiffon velvets, self-toned velvet brocade, supple velvets, in the mellow tones of old Egypt. brocades, printed transparent brocades.

Specializing black chiffon velvets, 40-inch, 3.95 and 4.95

Two standard grades of superior quality; the shimmer, the glow, the bloom of these rich, raven black velvets will interest you with their opulent beauty. The values are extraordinary.

500 yards imported black "Wedding Ring" all-silk velvet just 25% below regular, at 9.50.

Misses' all-wool jersey frocks—a sale

They are in an excellent selection of delightful styles and are thoroughly practical for sports, general utility, shopping and school wear. 16.50 is little to pay for so much style and prospective wear.

Pekin, henna and navy blue frocks

16.50

Brown, beaver, tan and gray frocks

Many of the frocks are prettily embroidered in wool—many uniquely trimmed with buttons. A number of trimly-tailored models have collar and cuffs of linen. The four models illustrated are typically interesting.

DIVISO BATTLE
EVANSTON
AL CHALLENGE

(Picture on back page.)
Evanston High school, at present with Oak Park for the leadership in the suburban league race, faces its most important opponent of the year Saturday when it battles Diviso on the town field.
Maywood team has won three contests and lost one. Oak Park, Little Deerfield in Highland Park, tests La Grange at La Grange, Evanston plays Bloom at Indiana in the other three games Saturday.
The academy will put up a tough battle against St. Rita to retain commanding position in the Catholic league, while St. Ignace, now the Loyola, is slated for an easy victory over St. Cyril. Three other Catholic league games will be played Sunday.

MELLS, 7; ST. MICHAELS, 0.
Mel Mills, by virtue of Leah's victory in the game, defeated St. Michael's 7 to 0 at Lincoln park yesterday.

ZEV, AT 1 TO 15,
ROMPS HOME IN
AUTUMN STAKES

New York, Oct. 31.—Zev today demonstrated that he is fit for the \$50,000 championship at Latonia next Saturday when he will meet My Own in what may prove the deciding 3-year-old race of the year by galloping to easy victory in the \$5,000 Autumn Championship stakes, feature event of the opening day's card at Empire City track.

The race, at a mile for all ages, proved little more than a workout for the conqueror of Papyrus, which will be staged tomorrow at Latonia. Riders by Earl Sande and carrying 120 pounds, Zev breezed under the wire in 1:24.4, five lengths ahead of Brancaccio, a substitute. Harry Payne Whitney's Trystar was third and Larkin, the only other starter, finished fourth after breaking away to run three-quarters of a mile before the race.

Works Extra Furlong.
Zev was worked an extra furlong by Sande, finishing the mile and an eighth in 1:54.

The Racestar star went to the post without incident at odds of 1 to 10 in the betting. Trystar set the pace for the first half mile, after which Zev took command and was never threatened.

Sande, who will ride Zev in the Latonia championship, left for Cincinnati tonight.

MY OWN LOOKS FIT

CHICAGO, Oct. 31.—[Special.]—My Own, Admiral Cary T. Grayson's 3-year-old champion, now held by Harry F. Sinclair's mighty Zev, came to Latonia today looking as fit as the science of horse training can make him for his meeting with Zev in Memorial, and in the \$50,000 championship stake at the Covington track on Saturday afternoon.

The big, strapping son of King of the Turf and Bettie Landon unloaded at the Latonia chute at 10:45 o'clock in the morning with an entourage made up of William H. Brooks, trainer of the horse, W. P. Birch, admiral's trainer, Lee Myers, Simon McLane, who "owns" My Own and rode him in several of his races; Andrew Duval, who looks after My Own's feet and shins; "Dones," proud Negro attendant of the horse, and Scotch Broom, who came along as a companion for the equine star.

Crowd Flocks Horse.
My Own greatly interested horse-fans and also followers as he strolled from the express car and made his way to the barn on the back stretch, where quarters had been prepared by the track superintendent.

A curious crowd followed the horse to the barn, where he was carefully unbandaged, brushed, and lightly watered before being put away for the day. He nibbled at hay throughout the greater part of the day, but occasionally pushed his head over the wall door and made friends with four detectives who took up their vigil at guarding the thoroughbred while at Latonia.

The presence of My Own on the grounds seems to stimulate interest in the great race set for Saturday.

Rival Is Due Today.
Baltto, Mrs. Payne Whitney's starling candidate for the championship, will reach the scene of contest tomorrow morning. He was shipped from Winnetka today. Quarters have been made ready in the stable of Moss Goldblatt, western trainer for Harry Payne Whitney.

In Memoriam, the only western thoroughbred for the race and the sturdy owner of the stakes of Carl Wiedemann, won additional admirers this morning when he stepped over three-quarters of a mile in 1:15, which was remarkable time for the heavy, holding condition of the track.

He never looked better and, barring accident, should give a good account of himself in Saturday's classic. His connections believe that he will win and he is said to be willing to back up their opinion with \$25,000.

No Ban on Picture Taking.
Col. Matt J. Winn, general manager of the Kentucky Jockey club, found time to hurry down to the chute in time to see My Own unload so impressively.

Upon his return to the track office he announced that in view of the keen interest being manifested in the championship stakes by the racing public, firms that have made a specialty of picturing events of nation-wide interest had begged him with offers for the exclusive right to photograph the race. The bids reached well into the thousands, but Col. Winn rejected all.

IN the WAKE of the NEWS

ZEV VS. MY OWN.

HARRY SINCLAIR'S Zev will meet Admiral Grayson's My Own at Latonia Saturday in a race to determine world 3-year-old supremacy.
Zev's ability to stay a route against formidable opposition had been questioned in his every start from the Kentucky Derby of 13 miles to the Lawrence Realization of 13 miles. It received emphasis in the international match with Papyrus. It is again questioned for this event of 13 miles, the longest distance he has been asked to go.

Zev so far has answered all questions in the affirmative. His early pace has left his rivals nothing with which to challenge at the end. Despite these facts many keen judges predict victory for My Own and defeat for Zev.

My Own has not as long a list of victories as Zev. Spring lameness kept him out of early fixtures. He has since done everything asked. The further the route the better he seems to like it.

My Own's supporters point to the colt's easy defeat of Untidy contrasted with Zev's triumph over the same horse when he finished apparently very tired. That and the route is the basis for the difference of opinion.

My Own fancies a fast track. Zev can run on a fast track, and in addition is a superior mud runner. If the going is heavy the advantage lies with Zev.

Except for sentiment attaching to Zev's consistency, victory of My Own would not be unpopular with turf followers. Harry Sinclair is the oil millionaire. Admiral Grayson, who was physician to the White House, is far from wealthy by comparison.

In addition Admiral Grayson showed true sportsmanship in sacrificing stake engagements to ship My Own to Belmont Park as an available substitute against Papyrus if Zev went wrong at the last minute, as was feared. This action followed keen disappointment that Zev, rather than My Own, had been chosen to meet the English Derby winner.

The Wake has a habit of liking champions until they are beaten. On this basis we favor Zev Saturday, but concede a royal chance to My Own.

This Wake is conducted by Harvey T. Woodruff. Help! Help!

Entries close Nov. 12 with Walter Eckersall, Tribune Sporting Department.

The Swedish-American A. A., one of the most enterprising of the younger athletic clubs in Chicago, will be represented in The Tribune's cross-country run in Humboldt park on Nov. 17 by a team of not less than ten runners. Among some of the well known runners who will run for the club are Ollie Ostergren, Ivan Carlson, and Fridolf Ryman. Members of the team have been in training for the last two weeks.

Although several clubs in and around Chicago will have full teams in the race, entry of the Swedish-American A. A. is the first received.

Always in Amateur Sports.
Members of this club have always been active in wrestling and boxing, and its athletes are conspicuous in practically every branch of amateur sport held in Chicago.

Owing to the number of inquiries regarding spiked shoes, it will be much better if contestants wear running shoes without short or long spikes.

Part of the course will be laid out over the turf, while runners will be compelled to run over a hard surface during other parts of the race, in addition to wading through parts of the lagoon and jumping obstacles. Under such conditions a smooth soled shoe should be worn.

Million Dollar Betting Coup
on Epinard Loses by a NeckSKATE BODY ALLOTS
MEETS ON MONDAY

NEWMARKET, England, Oct. 31.—A betting coup of nearly a million dollars, or to be exact, \$945,000, was spoiled when Verdict, owned by Lord Coventry, won the Cambridgehire stakes of \$15 furlongs run here today.
Just a neck margin beat Pierre Wertheimer of Paris, owner of the French champion, Epinard, out of the fortune. G. Hardy's Dumas was third. Twenty-three horses ran.

English Back French Horse.
Epinard had gone to the post today a heavily backed favorite, and all England had come to believe that Wertheimer would win his fortune. Epinard's price at post time was at 3 to 1. Verdict was a rank outsider at 100 to 1, while Dumas was quoted at 7 to 1.

Epinard's owner's huge bet had aroused more than the usual interest in the race, and the fact that it was regarded as a duel between the French horse, carrying the top weight of 123 pounds, and a bunch of exceedingly good English horses with less weight, Dumas carrying only 96 pounds and

FRENCH LOSE 2 MILLIONS.
[Chicago Tribune Foreign News Service.] PARIS, Oct. 31.—Epinard's defeat at Cambridgehire today brought financial and spiritual gloom to French horse racing enthusiasts. It is estimated that about \$5,000,000 francs (roughly \$2,100,000) was lost when Verdict beat out Epinard.

But besides the financial wounds the French public feels the defeat keenly because Epinard has been the idol of the turf colony for two years, holding a pedestal in the racing world comparable to that once held by Georges Carpentier in the boxing realm.

When Epinard won the Stewards' cup at Goodwood Frenchmen collected \$2,000,000. This amount was more than swept away by today's defeat of the wonder colt.

PURPLE SENIORS
WIN GRID GAME

In the first of Northwestern university's interclass football games the senior team romped through the junior squad, 22 to 0, yesterday, while more than 600 students cheered. In defeating the juniors, the seniors have the best chance to win this year's championship, which will be decided on Friday, when they will play the winners of today's sophomore-freshman game.

SKATE BODY ALLOTS
MEETS ON MONDAYI. A. C. MERMEN
TO HELP OPEN
LOYOLA U. POOL

The board of control of the Western Skating association will meet Monday at the Alvernia A. A. to award sanctions for swimmers and to lay plans for the coming ice skating season. The meeting will be held at 8 o'clock. The Alvernia A. A. is located at 4251 West North avenue.

On Nov. 19 the board will hold a meeting to nominate officers for the coming year, and on Dec. 1 the annual meeting of the association and election of officers will be held, with all delegates attending.

President Frank Kaltefleiter and Secretary Vernon Ole of the association have a number of requests for nominations on hand, and a big program of tournaments is forecast for the year.

Star swimmers of the Illinois A. C. team will help inaugurate the new swimming pool at Loyola university next Wednesday night. The pool is 75 feet long, the first 75 foot tank in the city. Johnny Weismuller, Eydil Bauer, Stubby Krueger, John Farley, and Oliver Horn of the I. A. C. will try for world's records. It will be the first time that the tricolor swimmers have competed in a 75 foot pool in Chicago.

Fraternity Water Teams
Play at Northwestern
Beginning today a series of interfraternity water basketball games will be played at Northwestern university. Coach Thomas Robinson announced yesterday. The games will be played to enable Coach Robinson to select the best players for the varsity water basketball team this year.

Only our own politicians can hurt us

MR. LUGUBRIOUS BLUE: "A man is a fool to enter on business ventures in this radical age. The same bolshevik doctrines that wrecked Russia are spreading to this country. Even the farmers are turning socialists. Think of North Dakota and the Non-Partisan League. Politicians get elected to office by promising to subsidize the farmer, carry freight free of charge on the railroads, and mine coal with oratory. Investments aren't safe."

EUROPE can't wreck our prosperity, nor can a world wheat surplus, nor high wages.

Our own politicians can.

They can leave us defenseless before lustful military might.

They can admit a flood of cheap labor to bring on unemployment—kill buying power.

They can flood us with cheap foreign merchandise undermining our tremendous industrial structure.

They can plunge us into the maelstrom of foreign intrigue and commit us to expensive international police work and possibly to fresh wars.

They can strangle our transportation system, our essential arteries of commerce, with quack rate and wage systems.

They can poison with politics the great federal reserve banking system which has brought us through the incredible strains of the last nine years without a panic.

The congress which meets in December can imperil our prosperity—but it won't!

There are misguided enthusiasts and there are shrewd demagogues, both in House and Senate, who are preaching policies that would mean economic disaster. But their noise far exceeds their power. Their mandate comes from the most intelligent, well educated, prosperous democracy in the world.

Strongest insurance that the United States will not go wrong is the American press. Democracy is workable only with a free, courageous and informed press. The United States has such a press—has it in such generous measure as no other country even approaches—and in the forefront of this press stands The Chicago Tribune.

For generations The Chicago Tribune has been building an appreciation of political economy throughout the Central West. In thousands of communities it has been an educational, broadening, uplifting force every day for scores of years.

Ever expanding its service to its readers, this newspaper of the prairies now maintains the largest staff of foreign correspondents of any publication on earth. The Chicago Tribune has in excess of nine hundred thousand subscribers and is read by an even larger number of voters. This is one newspaper—and there are many others similarly engaged in building up a well-balanced, thinking American public competent to protect our precious heritage.

It is 148 years since the Declaration of Independence and during that century and a half this democracy has flowed steadily onward, gathering strength like a mighty river.

Sometimes there are eddies, and in the shallow water along the banks it seems that the river is flowing backward—but the main current continues onward.

Surely we shall overcome the present mania for legislation—the craze which threatens to strangle business with tens of thousands of weed-like laws.

But those who have a stake in the continuation of our present prosperity must be on guard at the next session of Congress lest the sanity of a hundred million people be overridden by the hysteria of a few hundred thousand. Not only business but government is what we make it.

Business Is As Good As WE Make It!

1. Wheat is NOT king.
2. High wages are better than cheap labor.
3. Europe can't wreck our prosperity.
4. Only our own politicians can hurt us.
5. This is the day of opportunity.

Above are the titles of five full page advertisements through which The Chicago Tribune wishes to convey to the business world its interpretation of business conditions. It is a common human trait for men to imagine that others are more fortunate than they. Today we have the extraordinary phenomenon of vast numbers of men with the opposite sort of illusion. Each one admits that his own business is good, but fears that he is about to be injured by the contagious influence of other men's misfortunes. To hold some of these bugbears to the light is the purpose of this series of advertisements.

DeForest Bowman

says—
It is easy to establish an estate of from \$10,000 to \$100,000. Financial independence is not hard to obtain—thousands are building up substantial fortunes for their families or their own old age.

I offer an estate contract which provides a cash settlement at death of \$10,000

—or \$500 at death and \$500 annually for 20 years **\$10,000**
and a cash payment at the end of 20 years.... **5,000**

Guaranteed total... **\$15,000**
Also surplus earnings
annually now paying—
but not guaranteed... **\$2,750.20**
A total of.....\$17,750.20

It Pays Double

For accidental death prior to age 60 it pays **\$20,000**—or \$1,000 annually for 20 years **\$20,000** and a cash payment at the end of 20 years... **10,000**

Guaranteed total... \$30,000

Also surplus earnings annually now paying—

A total of..... \$34,518.40

Suppose You Are Permanently Disabled?

If you become totally and permanently disabled prior to age 60, the Company pays you \$100 monthly (\$1,200 annually) for life, beginning at the end of the first month. Also, you get dividends and increase cash value just as though You paid the premiums, and finally, pays the full amount—\$10,000—of contract

A Striking Example!

Suppose you become paralyzed or blind—
—live 30 years there-
—after, you would re-
—ceive \$1200 per year
for 30 years **\$36,000**
And your family

All You Invest Is	
3 1/2% on \$10,000	
To create the above Estate	

with all the benefits outlined requires a deposit of about 3½ per cent interest on \$10,000, for a man age 40. Dividends may be applied to reduce the deposit or may be left with the Company at compound interest, thereby making the contract "Paid Up" at age 61, provided the present dividend schedule is maintained. The contract may be surrendered for its cash value any time after the third year.

Money for Old Age
Contract can be cashed in for substantial amount in your old age—or converted into monthly life incomes for you.

FREE COVERING SENDS UP PRICES OF ALL GRAINS

BY CHARLES MICHAELS.

Grain markets showed a decidedly strong undertone from the start and with a little change in sentiment and more aggressive buying, prices moved up rapidly and the close was within 1/2 of the top, with wheat up 1 1/2¢, corn, 1 1/4¢, oats, 1 1/4¢, and rye, 1 1/4¢.

Buying of wheat was headed by houses with eastern connections who have been active on that side on breaks for several days past, and there was also free covering by shorts. The better action of the stock market, and less favorable corn comments from Australia and India were also factors. Liverpool closed 1/2¢ higher on the latter, but the export demand failed to show improvement.

No Pressure on Corn. Disappointing hunking returns on new corn are commencing to come from Illinois, yields being much smaller than expected in the central and western parts of the state. This with the steady tone in the cash market and persistent buying of May by commission houses led to short coverings and also more interest on the part of local bulls. A local professional sold on the bulge, but the greater part of the pressure was from the pit element.

Weather Conditions Good. The continued wide difference between the price of the new and old corn, and the weather, with the belief that farmers would not sell as freely as of late had some effect on values. Clear and cold weather prevailed over the belt, which was favorable for harvesting and the movement. Old corn advanced 1/2¢ at times and closed at 7 1/2¢, with May at 7 1/2¢. A local professional sold on the bulge, but the greater part of the pressure was from the pit element.

Strength in Rye was largely a reflection of the uptick in wheat. Export demand for hunking and with liberal stocks at terminal markets there is no disposition to take the bull side except on breaks, while the northwest has been a persistent seller for some days.

Deliveries of 1,500,000 bushels of new corn were made on the last day of October, and some of the hard tendered in the morning was sold out. This carried values of sharply with the finish 1/2¢ lower. January was unchanged, with export houses buying. Rye was unchanged to 20¢ lower, latter on October with deliveries of 50,000 bushels. Clear bellies were unchanged. Packing of hogs in the west for the season to date, as compiled by the Price Current-Grain Reporter, is 25,000,000 against 20,000,000 last year.

Prices follow:

Grain	Oct. 31, 1923	Nov. 1, 1923
Wheat	12.50	13.75
Corn	9.50	10.75
Oats	8.50	9.75
Rye	11.50	12.75

AVAILABLE GRAIN STOCKS

Wheat available supply of wheat, as compiled by the Price Current-Grain Reporter, is 1,197,000 bushels, with 1,000,000 bushels of the 1923 crop and 197,000 bushels of the 1922 crop. The total supply of wheat in the United States and Canada is 1,197,000 bushels, with 1,000,000 bushels of the 1923 crop and 197,000 bushels of the 1922 crop.

CASH GRAIN NEWS

Report value of wheat was estimated at 500,000 to 600,000 bu. in practice all wheat. No business in rye could be traced, but there was 50,000 bu. Canadian oats sold to the United Kingdom. No 1 northern wheat at 1 1/2¢, Buffalo sold at 1 1/2¢ over Buffalo November.

A better undertone prevailed in the cash wheat market, and while there was no change in local premiums outside markets were stronger with Kansas City 1923 higher than Chicago. Local wheat was unchanged to 1/2¢ higher. Local rye, 22¢.

Old corn was in demand and with limited offerings prices here were advanced 1/2¢ for wheat, and 5/8¢ for mixed. New corn was steady early and 1/2¢ higher later, with choice No. 5 white selling at 84¢. Receipts, 70 cars.

Outside markets were somewhat unsettled with old at Milwaukee 5¢ lower and new unchanged. St. Louis was unchanged to 3¢ lower. Kansas City unchanged to 1¢ higher. Omaha 1¢ higher, and Peoria 1/2¢ lower. Demand for cash oats was fairly good. Choice No. 2 white 14 1/2¢ over December, No. 3 white December 14 1/2¢.

Range of cash grain prices in leading markets follows:

Grain	Chicago	Kansas City	St. Louis
Wheat	12.50	13.75	14.00

SUGAR MARKETS

NEW YORK, Oct. 31.—SUGAR—Raw active and weaker, a sale of 27,000 bags of Cuba sugar being reported at 5-10¢, cost and freight to an operator equal to 7.00¢ duty paid, a decline of 1-10¢. Raw futures dropped from 4.00¢ to 4.80¢, with December and March 4.87¢. March 4.90¢, June 4.90¢, September 4.90¢, December 4.90¢, March 4.90¢, June 4.90¢, September 4.90¢, December 4.90¢.

LONDON WOOL AUCTION

LONDON, Oct. 31.—At the wool auction, 10,700 bales were offered. The wool was of good selection and the bulk of the offering was cleared at prices unchanged from those of the previous sale. Crossbreds were in smaller supply.

WORLD'S GRAIN MARKET NEWS

It was the better of many traders that the Liverpool statement, while bullish on stocks, also gave wheat operators a new inspiration, starting them to thinking more and to take a brighter look to the future. A great deal of wheat was taken out of the market, chiefly by eastern houses who are evidently trying to help general business by advancing grain.

Station of Ocean, editor of the Price Current Grain Reporter, who has been active in grain and business news distribution for years, has resigned. J. Carter Strong and H. A. Sheppard are to continue to make the Price Current-Grain Reporter a valuable asset to the grain trade.

The committee that is to nominate officers for the Chicago Board of Trade for next year will meet today, and also on Nov. 8 and 16. Nominations are under consideration.

Reports from Washington indicate that persistent efforts are being made to have the government do something for the wheat farmers and that congress will have to wrestle with the proposition to help Germany unless it is not relieved in the interim.
